Dear Hermelinda

Thank you for your application for a Carer ID Card. I am pleased to enclose your card. Please note the expiry date shown on the card, it is valid for 2 years. You can request to renew your card if you continue to care for someone who lives in Oxfordshire.

The enclosed leaflet Your New Carer ID Card explains more about the card and how it can be used in Oxfordshire.

A key resource for your card is when it's used together with a Contingency Plan. You can complete and print a template from our website, or we can post one to you by request.

Using your ID card and a Contingency plan together can help you to ensure that in an unexpected situation you and the person you support have more choice over who helps, and that support will be given by the people you know, and feel are best placed to do so.

Best wishes

Michelle Evans
Development Manager
